11 MONTHS AFTER THE STORM

2.5 Million Diapers Distributed!

Since Hurricane Helene's landfall last September, Babies Need Bottoms has worked tirelessly with local partners, volunteers, and donors to expand our work and reach. We are proud to share that we've reached the milestone of distributing 2.5 Million Diapers since our founding nearly 8 years ago.

Your continued support will help us be able to do this work throughout the long recovery ahead.

NICU Care Kits

Board Members and volunteers recently assembled and delivered 100 Care Kits to our local Neonatal Intensive Care Unit at Mission Hospital, to support new moms and caregivers navigating the emotional and physical challenges of the NICU journey

Next Up: Premie Care Kits

We're accepting donations of premie diapers, clothing and hats, and sensitive skin baby care products to assemble Premie Care Kits. Let us know if you'd like to join us to support our smallest community members by emailing us at: info@babiesneedbottoms.org.

11 MONTHS AFTER THE STORM

11 Months After the Storm Update

It's been nearly 11 months after Hurricane Helene devastated our mountain communities, and we are still feeling the impact of the storm. **July 2025 was a record-setting month** - with over 92,000 diapers distributed (more than a 115% increase from our average!).

We continue to see huge need in the community for premie diapers, baby wipes and infant formula.

Hurricane Relief

As the supply distribution sites have closed, and cuts to Federal and State programs have taken effect, many new partners are coming to us for diapers, wipes, formula and baby care items and existing partners are increasing their requests.

Your continued support directly supports families during these difficult times.
